

# Book Your Success Now™

Self-publishing @ your fingertips

I am an author and indie publisher of 10 books (7 released in 2017). I have presented over 50+ info sessions in the last 1.5 years at various local venues in Houston (Houston Public Library, Harris County, Ft. Bend County Public Libraries, YMCAs and community centers).

In January 2017, I started Book Your Success Now™ to offer publishing assistance to people who might have thought that publishing was out of their reach, and I prove them wrong with the latest in print technology.

My background in administration help launch me into the publishing industry, and my endeavor is to teach others how to self-publish for free! My goal is to become a bestseller or come pretty close to it 😊 Check out my next session [here](#).

Genre: Christian romance, self-empowerment, non-fiction
